### AIR

Circle (○) the objects that are filled with air, and cross (X) the objects that are not filled with air:

### Brain Box

Air is a mixture of the gases and dust particles around us. It is a clear gas in which living things live and breathe.

**WATER**

Name and colour the line art of the sources of water. One has been done for you:

Rain

**Brain Box**

70% of the human brain is water.  
A person can live for about a month without food, but for only a week without water.

## SCIENCE

**LIVING AND NON LIVING THINGS**
